**Our Programming:**

Our Educators are provided with time to plan around the children's Interests. We offer a curriculum full of interesting projects and activities. Our Educators implement the Alberta Flight Curriculum and document projects in pictures and capture the children's learning in Learning Stories. Our program provides activities and experiences that promote independence, self-regulation skills, confidence, and individuality. The rooms are large and well equipped with various learning centers. We do outdoors daily.

During the summer we plan a calendar of events. We take full advantage of our community resources and outdoor learning opportunities. Registration for our summer starts in April and ends in June 2021.

83% of full-time staff have the highest level of Early Childhood Education.

**Mission:** Our program nurtures, educates and supports children and their families in achieving their potential.

*FLIGHT, page 73: "A practice of relationships supports educators to work with children, families, and others in the early childhood community to co-construct continuity in transitions for the benefit of each child and family's well-being and learning."*
